NOTE –

- Year 12 students are only required to be at school on days when they have an exam scheduled.
- When students are not at school they are to be at home studying for exams, not at shops/parks or public places.
- GS05 is the room for students to go to if they are at school and do not have an exam. Teachers are rostered on to supervise this room so students can make use of computers for completing assessment or exam study.
- If a student is sick on the day of an exam they must have a medical certificate and a parent/guardian must phone the school to inform your teacher of their absence on that day. As soon as the student returns to school they must negotiate with their teacher an alternative time to complete the exam.
